Validate Conditions

Positive: 1 (50.0%) Negative: 1 (50.0%) Total: 2	
Customer	Order
Customer1	900

## Настройка оповещений из приложений

Возможно создавать оповещения непосредственно из приложений

The screenshot shows the Novo BI interface. At the top, there is a navigation bar with a menu icon, 'Alert Demo', and several action buttons: 'Подготовить Редактор загр...', 'Анализировать Лист', and 'Комментировать Повествование'. Below this is a toolbar with icons for search, refresh, and other actions, along with the text 'Выборки не применены' and a 'Выборки' button. The main content area is titled 'Мой новый лист' and contains three elements: a large KPI card on the left displaying 'Sum(Order)' and '1,1k', a table in the center, and a blue 'Create alert' button on the right. A red arrow points to the 'Create alert' button.

Customer	Sum(Order)
<b>Итого</b>	<b>1100</b>
Customer1	900
Customer2	200
